

Vivimed

For Immediate Release

April 16, 2021

**VIVIMED PRODUCT APPROVALS**

**Hyderabad, India, April 16,2021** – Vivimed Labs Limited (“Vivimed” or the Company), a niche Specialty Chemicals and Pharmaceuticals company, announced today that it received approvals for 3 products from its state of the art manufacturing site in Hyderabad, which is PICS & Health Canada approved site.

## 1. Bilastine tablets 20mg under brand name FLUSTIN

**Uses:**

Bilastine is a second-generation antihistamine (a selective histamine H1 receptor antagonist).

It is used in the treatment of allergic Rhinoconjunctivitis and Urticaria (hives).

## 2. Ornidazole and Ofloxacin tablets under brand name ORZOLE COMBI

**Uses:**

Ornidazole 500mg + Ofloxacin 200mg tablets is used in the treatment of bacterial & parasitic infections.

It is used to treat gastrointestinal infections such as acute diarrhoea or dysentery, gynaecological infections, lung infections and urinary infections.

## 3. Paracetamol 125mg/5ml and Chlorpheniramine Maleate Syrup 2mg/5ml 100ml under brand name FEBRIL

**Uses:**

Paracetamol, also known as acetaminophen, is a medication used to treat fever and mild to moderate pain.

Chlorpheniramine Maleate, is an antihistamine used to treat the symptoms of allergic conditions such as allergic rhinitis.

**Menthol** is a topical analgesic. It works by temporarily relieving minor pain.
